Mayfair Internal Medicine Lab Result and Patient Portal Options

Effective June 1, 2012 - due to the rising cost of postage we can no longer offer the free service of mailing out laboratory results. We understand repercussions of this policy change and would like to offer you a couple of different options in which you are conveniently able to receive your lab results.

Option 1

Patient Portal – Sign up to our patient portal and receive all physician reviewed laboratory results within 72 hours. This is a free, convenient, secure option in which all new and historical lab results will be displayed. All you need is an email address and to complete registration with our front desk. After registration is complete you can log on to our patient portal by going to our website: www.mayfairinternalmed.com you click on the patient portal tab and sign on using the username and password provided during registration. Each time a new lab result is available you will receive an email informing you to sign on to the portal to retrieve your results.

Yes, I choose option 1 - _____
Signature and Date

Option 2

You have the option of paying a \$25 annual fee in order to receive all lab results via mail.

Yes, I choose option 2 - _____
